Rich and satisfying, it supplies you with much of the day-to-day goodness you need, including an essential mix of vitamins, minerals and calcium, and can be used to kick start the day, as a 'top-up' for busy people who have missed a meal, or for whenever you need a nutritional boost of delicious goodness on the go.

Encona has been spicing up life with the best tasting range of sauces from all around the world since 1975.

Our iconic square glass bottle has become the trusted symbol on-shelf representing quality and great taste.

A versatile, authentic range of hot pepper sauces, BBQ sauces, sweet chilli sauces and chilli jams, all inspired by different cultural cuisines to instantly transform everyday ingredients into exciting dishes.

So Caribbean favourites now rub shoulders with delicious sauces from exotic destinations including the Far East, Asia and the Americas, and all available in a variety of pack formats and heat levels to suit chilli novices & aficionados alike - Now that really is Tastes That Take You Places!

Grace Say Aloe isn't your average drink. Made with aloe vera juice and real pieces of aloe vera which give the drink its unique texture, its clean and refreshing taste makes it deliciously different.

Rich in Vitamin C, Grace Say Aloe drinks are available in a range of delicious flavours in 500ml bottles for on-the-go refreshment, or keep chilled and ready at home with our 980ml and 1.5ltr packs.

Grace Coconut Water is a refreshing thirst quencher, packed with the delicate aroma and flavour of young coconuts straight from the tree. Our 100% coconut waters are cholesterol and gluten free with zero fat. Our canned coconut water drink range is slightly sweetened, delivering a rich, full flavour, and comes available with, or without real coconut pieces.

Grace Tropical Rhythms is a delicious range of Caribbean fruit and vegetable blends, made with specially formulated ingredients to capture and maintain their natural flavours. Deliciously rich and refreshing, try your favourite Grace Tropical Rhythms poured over ice and enjoyed with a straw to whisk your taste buds away to a true island paradise, or use as a fantastic mixer for all your favourite Caribbean-inspired cocktails and mocktails when entertaining for family and friends.

Coconut milk and cream are essential store-cupboard items in Caribbean, Indian, Chinese, Thai and South-East Asian cuisines. Our Grace coconut milk and cream products are incredibly versatile and perfect for adding a delicious smoothness and delicate, subtle flavour to a whole host of dishes including curries, sauces, soups, rice dishes, desserts and beverages. Our coconut oil products are perfect for cooking and baking, contain no additives and can also be used topically as a skin moisturiser and hair conditioner.

Delicious crunchy snacks enjoyed throughout the Caribbean and beyond, our Grace Plantain and Exotic Chips are made from carefully selected ingredients and are then sliced and kettle-cooked in small batches to maintain their natural flavour. Our Chips contain no preservatives or trans-fats, are high in fibre and are a great lower fat alternative to many traditional potato-based chips.

Grace Mighty Malt is the classic, non-alcoholic energy malt drink. Dark in colour, rich in taste and a good source of B-vitamins, Grace Mighty Malt has been enjoyed for generations in African and Caribbean communities at social gatherings and family events.

Grace Jamaican Style Ginger Beer is a deliciously fiery, non-alcoholic carbonated soft drink, with a zesty flavour which refreshes and revitalises! Drink Grace Ginger Beer simply over ice as a wonderful thirst-quenching beverage, or use as an exciting tropical mixer in your favourite cocktails and mocktails.

Any good cook will tell you that the secret to great-tasting dishes is in the quality of the ingredients used. Generations of Caribbeans in the UK have grown up with authentic products from Dunn's River, named after the famous waterfalls in Jamaica.

With a wide range of your favourite, traditional scratch-cooking ingredients on offer, from seasonings, spices and sauces, to fry mixes, canned and packed vegetables and pulses, coconut milks and jams, Dunn's River is the perfect accompaniment for adding delicious tropical zest to all your favourite home-cooked meals.

A delicious, great-value choice for everyday meals, our Caribbean Choice range of authentic cooking ingredients adds a real exotic taste to your dishes and captures the real passion and authenticity of traditional Caribbean cuisine.

The Caribbean's favourite Sardine! Available in easy-open cans, Brunswick Sardines are great tasting, nutritious and convenient for today's modern lifestyle. Our sardines are a great source of Omega-3 fatty acids, are low in saturated fats, and are an excellent source of protein. Incredibly versatile, enjoy in sandwiches, salads, in pasta or rice dishes, flaked on pizzas, or straight from the can!

First produced at No.2 Church Street, Kingston in 1911, using wood-burning brick ovens which gave them their special taste and texture. Excelsior crackers are Jamaica's favourite. Today our crackers continue to be uniquely Jamaican and form a favourite part of the Jamaican diet. Enjoy them with cheese, Solomon Gundy, steamed fish, as a breakfast cereal or by themselves as a healthy snack!

With its colourful, bold, refreshing flavour, Bigga soft drinks embodies everything Jamaican. Fusing a bit of Jamaica in each lightly carbonated bottle, Bigga, like the Jamaican motto "Out of Many One People" brings together a host of exciting flavours under the one umbrella, so no matter your taste preference, there is a Bigga made just for you!

Dalgety's range of herbal teas use 100% natural ingredients and are a true Caribbean favourite. Our customers enjoy the exotic and strong flavours from our teas - one teabag can often make up two tea cups! Dalgety partner directly with small farmers in order to produce the strength and quality of the ingredients used to make its products, and with a wide range of herbal teas to suit everyone's taste, our unique packaging and vibrant colours are a stand-out for quality.

Two sides of taste. Both good. Maretti is the name of our bakery where we prepare our legendary bruschettes in our traditional style - it's the place we transform our inspiration into an irresistible journey for the senses. Our crispy oven-baked bread circles are generously seasoned on one side only, giving you a delicious 2-in-1 snack with a choice of intense and mild taste. Either way, you won't regret it.

Delicious and irresistible. Indulge your senses, and enjoy My Motto. We believe that two is always better than one, that's why you will find two delicious and irresistible crispy wafers in every pack. My Motto is sweet escape from the daily routine and is your delicious ticket to get off the crazy life rollercoaster for a moment. Pause, sit back and treat yourself with something special. No palm oil, no artificial colourings and a source of fibre.

Passion. Taste. Innovation. Service.

Ever wondered where the name Funnybones comes from?
... Back in the early 1980s, in the heart of London, an American-style restaurant had just introduced baby back ribs to their menu. Exceedingly popular across the Pond, the ribs soon proved a hit in the UK too. Diners fondly called the baby back ribs 'those little funny bones' – and the rest, as they say, is history!

Fast-forward to over 40 years later, and Funnybones is now the UK's leading provider of authentic, delicious American, Mexican and Tex-Mex cuisines for the foodservice sector.

Welcome

to this to the pages of our Funnybones Foodservice product guide. We have recently celebrated 40 years of passion, taste, innovation and service, and it's crazy to think our business started up all the way back in 1984, and that we are now the UK's leading supplier of all things Mexican, American, Caribbean and Asian.

Our story begins in central London back in the early 1980s, when an American-style restaurant first introduced classic American baby back ribs to their menu. Immensely popular Stateside, these ribs soon proved to be a big hit on this side of the Pond too. Customers took to fondly calling them *"the ribs with those little funny bones"*, which is where our name was born! The restaurant owners decided then to make it their mission to help other businesses to serve up deliciously authentic American, Mexican and Tex-Mex cuisines.

Some 40+ years later, Funnybones Foodservice is still providing quality products and ingredients to restaurants, diners, food trucks, universities and to a whole host of diverse catering establishments with hundreds of customer organisations across the UK.

We are proud to be a part of the global GraceKennedy Group, and our parent company continues to inspire us with over 100 years of experience and expertise in the food industry, and to guide the Funnybones business to grow even further with the addition of delicious new catering solutions including Caribbean, Asian and Oriental offerings.

Over the last four decades, we have been at the forefront of exciting product innovation and emerging food trends, from bold new fusion flavours, to nostalgic favourites, plant-based offerings, and environmentally-conscious dining – we know you are constantly looking for unique and new products with which to grow your menu, and our experienced, knowledgeable, enthusiastic team are right here behind you, every step of the way!

But enough from me - please take a look through our product brochure and we hope you'll be inspired with fresh recipe ideas and our top tips and recommendations. Take a trip down memory lane with us too with our 40-year timeline (does anyone else feel really old?) and remember, our friendly customer service team is just a phone call away.

We look forward to working with you

Inspiration

Whether supplying burrito ingredients for a street food truck, authentic Caribbean products to an independent restaurant, or our range of sauces and seasonings to the university sector, Funnybones Foodservice covers all sectors of the industry.

Rio Pacific, La Mexicana, Irie Eats and all our other brands can be found in casual dining chains, high end restaurants and food to go operators across the country and are revered for being truly authentic; there's no other brand that can do jerk seasoning the way we do jerk seasoning! When it comes to events such as conferences, parties or stadia, the range of products and assistance with menu planning that is on offer is second to none.

From simply supplying delicious ingredients, to giving advice and supporting recipe and menu development, Funnybones Foodservice is always on hand to help.

We have dedicated account managers across the UK who have a wealth of knowledge and are available to provide assistance and guidance. Our friendly and experienced customer service team is always at the end of the phone for a chat and a discussion about orders or products and Funnybones' culinary team helps with demonstrations, food concepts and recipe ideas whenever needed.

A staple brand almost from the start, Funnybones developed La Mexicana in 1986 to deliver top quality tortillas. Since then, the range has grown to cover a plethora of marvellous Mexican ingredients, from tortillas to seasonings and chilli.

Delivering the best of American style foods,
Rio Pacific is where you'll find our famous baby back ribs, as well as their big
brother BBQ ribs, home-style relishes, and diner inspired sauces, BBQ pit rubs
and indulgent desserts.

i·rie: adjective.

(Chiefly in Jamaican English) nice, good, or pleasing
(used as a general term of approval). "The place is jumping with irie vibes."

Combining Grace Foods' expertise in Caribbean food and
Funnybones' market knowledge and service, this range is
deliciously authentic and brings a taste of Jamaica to the UK.

Grace Foods Corwen Manufacturing

Our Grace Foods Corwen Production Site covers 48,000 sq ft and is based in the beautiful North Wales countryside. For over 25 years, the site has been producing sauces, seasonings, and fortune cookies.

The site manufactures nearly 200 products for the Grace Foods business across the brands Encona, Dunn's River, Rio Pacific, and Grace, as well as Silk Road fortune cookies (one of only two factories in the UK that produces these). Everything made on site is shipped to the Distribution Centre in Welwyn Garden City and from there it goes out to retailers, wholesalers, and foodservice accounts across the UK, Europe, Asia, and Australia.

The Corwen site is also set up for third party contract manufacturing and the 10 production lines can fill into pallets, buckets, glass bottles, squeezable plastic bottles, and plastic pots and sachets. Sauces are blended on site and we can manufacture anything from a hot sauce, a ketchup to a marinade.

We have been a BRC-accredited site for over 15 years and recently achieved BRC AA grading. Our 10 production lines include 2 blending vessels where we manufacture all of our sauces and 4 bottling lines that fill sauces, ketchups, marinades, and chutneys into glass and plastic, including industrial sized buckets and jars. 3 powder/seasoning lines fill dried ingredients, seasonings, and soups into pots and sachets, and our fortune cookie machine turns out over 6 million cookies per year!

Glossary

ACHIOTE PASTE	Enjoy the taste of the Yucatan with this spicy red seasoning paste. Achiote paste is made with annatto seeds from the achiote tree. The seeds are blended with cumin, pepper, coriander, oregano, cloves and garlic to make a firm spice paste that is perfect to use as a dry rub, dissolved in stock or used in a marinade for meats and seafood.
BABY BACK RIBS	Taken from the top of the ribcage, beneath the loin muscle, baby back ribs are incredibly tender and lean. They are called 'babies' due to the fact that they're shorter than spare ribs. A versatile cut of pork perfect for slow cooking and marinating, but equally delicious cooked under the grill or on the BBQ.
CACTUS STRIPS	Also known as 'nopales' or 'nopalitos', our strips are slices of tender cactus taken from the young shoots of the prickly pear cactus. Fully cooked and ready to use, their light, slightly tart flavour and crispy texture makes them a delicious addition to salads and salsas. They're also an excellent vegan option.
CALLALOO	A green, leafy vegetable, similar to kale, that is popular in the Caribbean. Traditionally cooked with onion, garlic, tomatoes and thyme, it makes the perfect healthy side dish whether it be breakfast, lunch or dinner. Callaloo leaves are packed with health benefits, providing a beneficial boost of vitamins A, B and C, as well as being high in fibre, iron and calcium.
CHIPOTLE PEPPERS IN ADOBO SAUCE	Chipotles are ripened jalapeno chillies that are then dried and smoked. Prepared in a rich, sweet and smoky adobo sauce made from tomato, vinegar and a blend of spices, including paprika, they pack a wonderful peppery heat.
FESTIVAL	A comforting fried dumpling that, despite its slightly sweet taste, is commonly eaten with fish or jerk chicken in Jamaica. Made from a cornmeal dough, they are traditionally flavoured with vanilla. Best enjoyed as street food next to the beach with fish straight from the sea!
PULLED BARBACOA BEEF (HALAL)	A traditional Mexican way of cooking meat, 'barbacoa' refers to meat that is cooked over an open fire or steamed in a pit until tender and succulent. It is now more commonly known as 'slow cooked' meat with an intense BBQ flavour. The recipe takes its delicious flavours from chipotle, adobo, cumin and oregano.
PULLED PORK CARNITAS	Carnitas refers to the method of braising or roasting pork in small pieces or strands. Cooked with a medium spiced ancho chilli sauce, this is one of the best Mexican recipes for filling tacos, burritos and quesadilla!
SMOKY BUTT	Our own dry rub recipe, blended from sea salt, paprika, garlic and chipotle chilli. A versatile and aromatic flavouring that will give meat, fish and vegetables an incredible burst of South American zest.
STEW PEAS PATTY	Just like the traditional Caribbean 'rice and peas', a stew peas patty doesn't actually contain green peas! In Jamaica, the term 'peas' is used to cover most types of peas and beans. In this recipe, the 'peas' are stewed with a mouthwatering blend of mild spices and sealed in an authentic patty pastry.
EXTRA WIDE PORK RIBS	Fully cooked and trimmed loin ribs, dry rubbed in an authentic medium spiced BBQ seasoning.
TEXAS STYLE CHILLI SEASONING	Our own blend, evoking the distinctive flavour and aroma of Southern-style chilli. Made from a blend of red chilli powder, paprika, cumin, a little garlic and touch of oregano, this seasoning brings meat to life with a tangy va-va-voom.
WHOLE GREEN TOMATILLOS	Used widely in Central and South America, tomatillos are similar in appearance to green tomatoes and are a staple ingredient in Mexican cuisine. They are closely related to the gooseberry. Tomatillos can be used whole as a garnish and are fabulous roasted.
YUCA FRIES	Also known as 'cassava', yuca is a root vegetable similar to a yam and a great way to give the humble potato a well-deserved break. Our large fries are pre-blanching and cook from frozen in just a few minutes to give a perfectly crispy outside and an irresistibly creamy fluffy inside.
BLUE CORN	Naturally occurring blue corn cobs are used to give the colour to our striking Blue corn chips and Blue Corn Tortillas with the added benefit of being gluten free too.
MASA HARINA	This is the dried and powdered flour made from yellow, white and blue corn from which the Masa dough is created to make corn tortillas.
CORN DOG	Slide a Pork Frankfurter onto lollipop sticks, coat with a thick cornmeal batter and deep fry.
